## Customer statement „Influence of the supply chain, because of closing the factories in china during the Olympic Games”

Dear Sir or Madam,

according to our last information from our factory in Beijing and our head office in Kadoma/Japan, there will be almost no effect on our export transportation of our local manufactured products during the Olympics (August 8th. - 24th, 2008) and Paralympics (September 6th - 17th, 2008).

Up-to date, the chinese government did not pass any directive (valid until recalled) to our Beijing factory to stop production during that time frame.

We hope this information is helpful for you.

If you have any further question, please do not hesitate to contact us.

Best Regards
